Mr. Bill Gressett
Supervisor - Dist. 2
Oil Conservation Commission
P. O. Drawer DD
Artesia, New Mexico 88210

Dear Mr. Gressett:

With regards to our permit to drill the #1 Graves (Section 11, T8S, R28E, Chaves County, New Mexico) you requested information as to the type of blowout preventor equipment that was to be used.

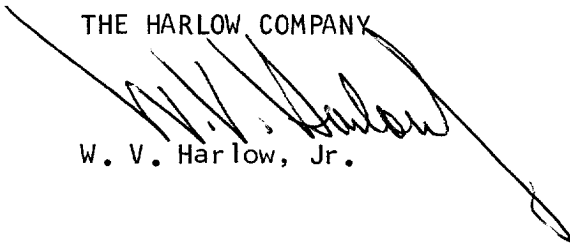

The following equipment will be used on this well:

An 8" Shaffer mechanical single blowout preventor with
3 $\frac{1}{2}$ " Rams, 900 Series for 3000# W.P. and 9" bore.

I hope this will suffice for your needs in approving the permit to drill.

Yours very truly,

THE HARLOW COMPANY

W. V. Harlow, Jr.
