Gentlemen:

We hereby acknowledge receipt of your letter of February 23, 1976, concerning the 50 barrels of condensate used in treating the subject well.

If this was used in connection with a frac job, please submit Form C-103 with all the details; or if it was just to wash the formation and well bore, submit Form C-126 with the required information and attach a note as to how it was used. (A supply of Form C-126 and a copy of Rule 508 enclosed.)

If you have any questions concerning this matter, please feel free to call upon me.

Sincerely yours,
