Dear Sirs:

All of the wells above are in violation of Rule 201. These wells must be brought into compliance. A form C-103, for each well, must be filed in this office on or before 15 February, 2002 outlining how the well will be brought into compliance. To bring them into compliance you have 3 options:

1. Put the wells into production.
2. T.A. the wells.
3. P. A. the wells.

In the event that a satisfactory response to this letter of direction is not received by the date stated further enforcement would occur. Such enforcement may include this office applying to the Division for an order showing cause why an appropriate Order permanently abandoning the above-referenced well(s) and for appropriate penalties to be issued.

Sincerely,

Van Barton
