Gentlemen:

We are returning the enclosed Form C-103 on the subject well for additional information and corrections. Please show hour and date spudded, the grade and weight of the casing, type cement and all additives used and the WOC time.

Further, according to information obtained from the rig, the cement did not circulate to surface, a temperature survey was run and ready mix was used at the surface.

Submit a copy of the temperature survey along with a corrected report with all the information thereon.

If you have any questions concerning this matter, please feel free to call upon me.

Sincerely yours,

W. A. Gressett
Supervisor, District II
