17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Spudded 12 inch hole on January 26th, 1976 at 12:30 P.M. with rotary tools. Lost circulation at 170 feet (Top of Yates-Permian Sand). Drilled to 200 feet and decided to go 50 feet deeper before setting 8 5/8" surface string due to proximity of lost circulation zone. Set 8 5/8" surface string at 250 feet and circulated cement. WOC for 18 hours. Resumed drilling 7" hole at 10 AM on January 29, 1976. Top of plug in casing at 225 feet.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
