Dear Sir:

In reference to your letter of July 10, 1978, you will need to send in a Notice of Intention to plug the subject well on Form C-103. On this form, you will show how much casing you plan on salvaging and your proposal for plugging the well. We will return a copy of the form to you with any corrections that need to be made.

After the work is done, another C-103 will need to be filled out and sent in triplicate, on the work that was performed.

If you have any further questions, please feel free to call.

Sincerely yours,

Mike B. Williams  
Oil & Gas Inspector
