17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

The subject well has failed to produce commercial volumes of oil and natural gas. We propose to plug the well by placing cement plugs from 1089' to 750' (40 sx) and 50' to surface (10 sx). Mud laden fluid will be placed between plugs. Work will commence upon your approval.
