Dear Mr. Gressett,

I am writing in reference to the Sam #1-P, 4-11-28. I misunderstood the information given to me about this well and I sent in the C-104 requesting an allowable. This well is a dry hole and we intend to plug it as soon' as possible. I have received the allowable but we will be plugging the Sam #1. Do I send in any information to get this mistake cleared up? Thank you for your help.

Sincerely,

Patti Pool Janes

Patti: Submit Form C-103, Notice of Intention to P&A with a proposed plugging program, including the amount of casing to be recovered.

Bill Gressett
