Dear Mr. Stevens:

This is with reference to your letter of January 18, 1980, requesting permission to produce your O'Brien F Well No. 2-N, Section 25, Township 8 South, Range 28 East, at a rate in excess of 125 percent of the daily allowable.

You are hereby authorized to produce the above well at a rate not to exceed 400 barrels of oil per day.

It is my understanding that the well produces water and will load up and die if not produced at the high volume authorized.

When the well is placed on pump you will be expected to produce the well at or near top pool allowable.

Yours very truly,

JOE D. RAMEY
