Chaves County, New Mexico

Dear Mr. Gressett:

Attached please find the Form C-103 for the above referenced well.

I apologize for the lateness of this report, but I have recently taken over all filings from Marjorie Lotz and am not as familiar with New Mexico's requirements as I am with the Texas requirements. Also, I had been receiving all of my drilling reports second hand from our Midland office and they did not give me information on the 13-3/8" that was run. This was the reason I missed filing this information on the previous Form C-103 I filed for the spud date and other casing that was run. We are now receiving all reports direct from the field to this office and I will double my efforts to be prompt with all reports.

Thank you again for your patience in this matter.

Yours sincerely,

Mrs. Sue Hearon
Exploration Secretary
