David,

This is an orphan location. The well is plugged but the location has a pit, tank, and junk on location. Dorothy Phillips shows a bond however the American Mutual can't find it. I do not know at this time if it is a viable bond. I was talking with a lady named Jane (847-320-2036) about the bond. We are unable to reach Mr. Pace and Tim requested I send this to you.

Thanks,  
Van
