Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

I propose to pump 25 sacks cement over perforations from 2003 through 2033 feet. (A permanent bridge plug is already set at 2240 feet.)
I will cut 4 1/2" casing off at approximately 1000' and pump 35 sacks cement at stub and tag plug. I will pump 35 sacks from 230-330 feet and finish by pumping 15 sacks at surface and tag plug at 230 feet. Mud Gel in open hole. I will then clean the location and fill the pits.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
