17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Fresh water was encountered from 325'-350' at the rate of one bailor per hour. Oral permission was obtained from Mr. Bill Gressett after Ralph Nix explained that the rancher needed the water. To change 8 5/8" casing program, permission was granted to run 455' of pipe and cement with sufficient cement to bring the cement to at least 200' below the surface.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
