ARTESIA, OFFICE

Dear Mr. Gressett,

On July 22, 1980, we received a letter from you requesting a GOR test on the Whitney #1 by August 22, 1980. Yesterday, our pumper informed us that our motor threw a rod and is totaled. Due to the shortage of gas motors right now, we cannot say when we will be pumping the Whitney well again, therefore, I do not think that we will be able to have a GOR test run by August 22. Please give us a few more weeks to get this situation straightened out and a GOR test run.

Thank you.

Sincerely,

Phelps White
