17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1102.

We propose to amend the casing program on this well. Instead of 13 3/8" casing, will run 10 3/4" 32.3# J55 to approximately 400' in 15" hole and cement to surface. Will then drill a 7 7/8" hole to TD and run 5 1/2" or 4 1/2" casing. If it becomes necessary to run an intermediate string, we will ream the hole and run 7" casing to about 1500', then reduce the hole to 6 1/4".

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
