25. SIGNATURE OF OPERATOR

John P. DiPaolo

2 copies of Compensated Neutron w/ Gamma Ray

This form is to be filled out by the operator and is to be submitted to the nearest office of the New Mexico Oil Conservation Commission.

SIGNED: John P. DiPaolo TITLE: Operator

DATE: 5-9-80

This form is to be filed with the appropriate District Office of the Commission not later than 10 days after the completion of any newly-drilled or reworked well. It shall be accompanied by a copy of all electrical and radio-activity logs run in the well and a summary of all special tests conducted, including drill stem tests. All depths reported shall be measured depths. In the case of an sectionally drilled well, true vertical depths shall also be reported. For multiple completions, Items 30 through 34 shall be reported for each zone. The form is to be filed in quintuplicate except on state land, where six copies are required. See Rule 1105.
