Gentlemen:

We are returning the enclosed Form C-103 on the subject well for corrections.

Plug # 4 should have been from 285 to 385 half in and out of the shoe on the surface casing, and show where surface water was encountered and how much.

If you have any questions concerning this matter please feel free to call upon me.

Sincerely,

A handwritten signature in cursive script that reads "W. A. Gressett".
