## INSTRUCTIONS

This form is to be filed with the appropriate District Office of the Director not later than 30 days after the completion of any newly-drilled or deepened well. It must be accompanied by one copy of all electrical logs and activity logs run on the well and a summary of all geophysical tests conducted, including drill stem tests. All depths reported shall be measured depth. In the case of directionally drilled wells, true vertical depth shall also be reported. For multiple completions, Items 3a through 3d shall be reported for each zone. The form is to be filed in duplicate except on state land, where no copies are required, See Rule 1105.
