Gentlemen:

We are returning the enclosed Forms C-101 and C-102 on the subject well for corrections.

According to Division Rule 104, the well must not be closer than 330' to any quarter-quarter section line. You are showing this well 1614' from the West line. If the well is 330' from the quarter-quarter section line, have the surveyor show same on the plat.

If you have any questions concerning this matter, please feel free to contact me.

Sincerely,

W.a. Gressett

W. A. Gressett Supervisor, District II
