Dear Mr. Gressett:

Please find enclosed 3 copies of Form C-103 of each of the above mentioned wells. Also, enclosed is some information concerning the type of fracturing technique that we'll be using on the J. T. Jennings #1. If you would like to witness this method of stimulation, we plan to frac Thursday, April 8. The Jennings #1 well is located by the Oasis Dairy in Roswell, 3 miles east of Grand Plains.

Sincerely,

Bucky Burch
