Dear Mr. Williams,

In response to your letter dated September 27, 1988, I am enclosing form C-103 (Subsequent report of Plugging and Abandonment) and a copy of the Neutron Porosity Log. Completion report (C-105) is not included, the reason being that the well was plugged immediately upon reaching TD and being logged. A Deviation survey is also not included, reason being that this well was drilled using cable tools.

Copys of invoices from Hopi Drilling Co. and Halliburton Co. are included for your information; also to document the plugging.

Should you require any further information please feel free to call.

Sincerely

Joseph Roybal  
Vice President
