13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

One (1) 2" buried steel X-42 natural gas pipeline. To be located on lease. Pipeline meter station, underground gates, block valves and related appurtenances. The pipeline will be approximately 1500' in length with the entire pipeline being on federal lands. We request a 50' wide ROW for construction purposes and 30' wide permanent ROW. The ROW will be bladed. A trench approx. 48' deep will be dug where possible and will be covered with approx. 45" of cover. The pipe will be lowered in to place and buried.

Thirty (30) years.

This natural gas pipeline will be used year around.

This line will have a working pressure of 300# and a volume of 2 MMCFD.

Construction will begin ASAP with construction taking approx. 3 weeks.

A temporary work area will not be needed for this project.
