Gentlemen:

We are returning division form C-103 on the above captioned well so that you might show length of casing test.

In view of the necessity of returning so many of these forms covering the cementing practice of Cibola, it would seem that the Division Rule 107 would have been read and adhered to by now.

In the future, any tests submitted to this office not in accordance with the division requirements will be turned over to the legal department for further action.

Very truly yours,

Leslie A. Clements
District Supervisor
