INSTRUCTIONS

This form is to be filled with the appropriate data and returned to the Division not later than 30 days after the completion of any newly-drilled or deepened well. It shall be accompanied by a true copy of all recorded and stratigraphic log run on the well and a true copy of all spaced tests run. A true copy of the drilling log shall also be submitted. All data reported shall be accompanied by the following information: (1) true vertical depth of the well, true vertical depth of the shaft, and (2) true vertical depth of the casing. The data shall be reported in such order as to be filed in alphabetical order of the well number, where the casing is not reported in the log.
