Gentlemen:

We are returning your C-103 so that you might show the length of casing test as required by Rule 107. Rule 107 also requires that the WOC time be at least 18 hours prior to nipping up etc. You can use option II if less than 18 hours is desired, but you must show the other pertinent data as required by this rule.

Very truly yours,

  
Leslie A. Clements  
District Supervisor
