Gentlemen:

We are in receipt of MMS Form 9-331-C, application to drill on the above captioned well, which was approved by the MMS on October 20, 1982.

However, since this is a Non-Standard Location, you will have to make application to the Santa Fe Office for a Non-Standard Location approval, which must be approved prior to receiving an allowable from this office.

Very truly yours,

Leslie A. Clements
