Dear Julian:

In late 1982 you commenced the Acme #2 Well in the NE $\frac{1}{4}$ NW $\frac{1}{4}$, Section 4, T-8S, R-27E on Lease No. LG-978. This well was drilled to depth of 68 feet and the hole was to be filled with sand.

If you have abandoned this well, it will be appreciated if you will file the appropriate completion form with the Oil Conservation Division in order that this well file may be completed.

Very truly yours,

Jim Baca
Commissioner of Public Lands
