If well is directionally drilled give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

Due to economics conditions with gas purchaser, Yates Petroleum Corporation has been required to lay gathering lines and set allocation meters at each well that produces into a common line. We request approval to commingle Yates' Long Arroyo WH Federal #1 well with our Long Arroyo OD Com #2 well, located NW/SW, Sec. 14-T14S-R27E, prior to measurement for sales for the purpose of marketing our gas. The sales point is located at Yates' Long Arroyo OD Com #1 well, located in NE/SE, Sec. 14-T14S-R27E.

Yates Petroleum Corporation conducts quarterly calibration tests on meters. Yates' will furnish the BLM with dates if requested by the BLM.

Transwestern Pipeline Company conducts quarterly tests on TW's meters and semi-annual gas analysis tests.
