☐ Change of Plans
☐ New Construction
☐ Non-Routine Fracturing
☐ Water Shut-Off
☐ Conversion to Injection
☐ Dispose Water

(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Due to economic conditions, Transwestern Pipeline Company, has required Yates Petroleum Corporation to lay gathering lines and set allocation meters at each well that produces into a common line. We request approval to commingle the Yates' operated wells prior to measurement for the marketing of gas. Yates Petroleum lease operators read the meters at each location on a daily basis. Bureau of Land Management approval of this application will allow Yates Petroleum to continue producing the wells, collecting revenues and paying royalties.

Transwestern Pipeline Company meter no.21640 located at Yates' Getty GC Federal Com #2 in NE/NE, Sec. 7-T6S-R26E, Chaves County, NM, is the point of delivery to TW's pipeline. The Getty GC Federal Com #1 well is also going to the delivery point. The Getty GC Federal Com #1 well is located NE/NW, Sec. 7-T6S-R26E, Chaves County, NM.

This Sundry notice covers INC No. NM-066-93-VC-090.

14. I hereby certify that the foregoing is true and correct
