Gentlemen:

As of the above date, we have had no answer to our letter dated March 16, 1989. In the letter I asked for a completion report, deviation survey and C-103 explaining the actual plugging of the above captioned well.

Until I receive the above mentioned paperwork, your plugging bond will not be released.

Thank you for your cooperation in this matter.

Sincerely,

A handwritten signature in cursive script, appearing to read "Mike Williams".
