

INSTRUCTIONS

This form is to be filed with the appropriate District Office of the Division not later than 20 days after the completion of any new, old or deepened well. It shall be accompanied by one copy of all electrical and mechanical logs prepared in the well and a summary of all test logs prepared, including drill stem tests. All depths reported shall be measured depths in the case of directionally drilled wells; true vertical depths shall also be reported. For multiple completions, Items 20 through 34 shall be reported for each zone. The form is to be filed in duplicate except on state land, where six copies are required. See rule 1105.
