SHOOTING OR ACIDIZING	ABANDONMENT*
(Other)	

(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

Lay a 2" gas pipeline from NM Federal Com 5 No. 1 to the US Federal 6 No. 1. It is proposed that the pipeline be layed on surface along the edge of the existing road between these two wells. Total length will be approximately 2640'. Both wells are located on the same base lease (Lease No. US NM 22846). The NM Federal Com. 5 No. 1 was drilled in 1984. It was potentialed 5-15-84 and has been shut-in since that time pending a gas pipeline Connection. A gas meter will be set at the NM Federal Com. 5 No. 1 and the proposed pipeline will tie into an existing gas pipeline located at the US Federal 6 No. 1. Gas will be sold via Transwestern's Gas Distribution System. Attached is a plat which shows the proposed pipeline.
