Due to economic conditions with gas purchaser, Yates Petroleum Corporation has been required to lay gathering lines and set allocation meters at each well that produces into a common line. We request approval to commingle the following wells:

Monaghan QY Federal #5, located SE/SE, Sec. 27-T5S-R24E

Monaghan QY Federal #10 located NW/SW, Sec. 27-T5S-R24E

The gas is measured prior to measurement for sales for marketing gas to the pipeline company. The sales point is located at the Monaghan QY Federal #5, Sec. 27-5S-24E.

Yates Petroleum Corporation conducts quarterly calibration tests on all meters. Test results will be furnished to the Bureau of Land Management upon request.

Transwestern Pipeline Company conducts quarterly tests on TW's meters and semi-annual gas analysis tests.
