Dear Mr. Williams:

It is our understanding that McKay Oil Company has drilled the captioned well and is unorthodox toward the south and east by no greater than two feet. Mr. McKay has requested a testing period of thirty days to evaluate the well.

Yates Petroleum Corporation has no objection to McKay testing the well at this unorthodox bottom hole location for a period of time no greater than thirty days.

Should you need anything further, please do not hesitate to call.

Very truly yours,

YATES PETROLEUM CORPORATION
