Dear Mr. Mobley:

We are returning your C-103 dated May 15, 1984, regarding the plugging of the above captioned well unapproved.

Would you please submit a C-103 showing your plugging procedure, so that we may determine whether or not it is acceptable. You must not plug this well until we have approved your procedure.

Also, we must have C-103's showing all work that has been done from spudding to TD, a C-105, Completion Report, and the Deviation Survey.

Very truly yours,

A handwritten signature in cursive script that reads "Leslie A. Clements".
