Description of control of the production of the state all periods and the form. Control Central Delivery Point Wells X Promoted action multiple recompetion Memory conducts and environment of the state all periods and the form. Control Central Delivery Point Wells X Promoted action meters and control of the state and control of the state all periods and the form. Due to economic conditions with gas purchaser, Yates Petroleum Corporation has been required to lay gathering lines and set allocation meters at each well that produces into a common line. We request approval to commingle the following wells: Comanche Hills ZU Federal #1, located SE/SW, Sec. 25-TIOS-R25E Wanda ZT Federal #1 , located SW/NW, Sec. 31-TIOS-R25E The gas is measured prior to measurement for sales for marketing gas to the pipeline company. The sales point is located at McClellan 0il's, McClellan JJ #1, located NW/SE, Sec. 1-TIOS-R25E. Yates Petroleum Corporation conducts quarterly calibration tests on all meters. Test results will be furnished to the Bureau of Land Management upon request. Transwestern Pipeline Company conducts quarterly tests on TW's meters and semi-annual gas analysis tests. III.
