Form C-101 dated November 1, 1984 was received by the Artesia office of Energy and Minerals Department on November 2, 1984. Approval was granted and valid for 180 days to expire on May 6, 1985. Due to the inability of purchasers to contract for new gas we have had difficulty in obtaining approval of non-operating joint interest owners to proceed with the drilling of the subject well until recently. Therefore we respectfully request that our drilling commencement time be extended for an additional 180 day period.
