Pecos Slope Abo

Gentlemen:

Rule 107 requires the following additional information on 13 3/8" surface casing. Casing test, pressure and time held on casing, and how much cement circulated to pit.

On 4 1/2" casing, waiting on cement time, casing test, pressure and time.

Further, Rule 1103 requires C-103's to be filed within 10 days after spudding well and 10 days after running all casing.

Very truly yours,

Les A. Clements
