Permission has been secured from the NMOCDC to convert the Duncan Federal No.1 to a water disposal well, subject to their witnessing a casing pressure test. Coated tubing and a packer have been run into the well and the OCD inspection is anticipated next week. Upon final approval from the OCD, water from the Aciete Negra No.4 will be disposed of in the Duncan Federal No.1. Continual operation of the Aciete Negra No.4, rather than intermittent operation, will be possible.
