13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Yates Petroleum Corporation respectfully requests permission for off-lease sales and measurement for the captioned lease. Due to economic reasons, the gas purchaser (Transwestern) required Yates to lay a pipeline from the captioned well to an existing location. These two wells ARE NOT commingled.

The meter house for the Savage NI Federal #4 is located at the Travis Federal Com #1 location, located in the SWSW of Section 20-T6S-R26E, Chaves County, New Mexico. The Savage NI Federal #4's meter number is 16034 (Transwestern).

Periodic meter calibrations are conducted by Transwestern and results will be furnished to the BLM upon request. Semi-annual gas analysis tests are also conducted.
