SUBJECT: Comanche PQ Federal #3 - NM 27909
990' FNL & 660' FWL
Section 26-T10S-25E
Eddy County, New Mexico

Dear Sir:

The subject lease produces water. Therefore, we are requesting your approval of our disposal method pursuant to NTL-2B.

The well produces approximately 2 BWPD. The pit is unlined.
The pit size is 5' x 24' and located at the wellsite.

^{X 2 1/2'}
The production interval is 1229-63' in the San Andres formation.

Copy of water analysis on the subject well is hereby attached.

Yours truly,

Juanita Goodlett
Production Supervisor

Encl.
