O. C. D. ARTESIA, OFFICE

Oil Conservation Division New Mexico State Land Office P.O. Box 2088 Santa Fe, New Mexico 87501

Attention: Dave Catanach

RE: L. L. & E Fed. #3 NW/4 Sec. 12-6S-22E Chaves County, New Mexico

Gentlemen:

McKay Oil Corporation desires to drill a Federal lease in the NW/4 of Section 12, Township 6 South, Range 22 East, NMPM (See Attachment "A). Due to topography and geological problems, McKay Oil is requesting an unorthodox location.

The well was originally staked at 660' feet from the North line and 1980' feet from the West line. However, the Bureau of Land Management would not approve this location due to archeaological finds. Also, due to topographical reasons in this quarter section, the location had to remain in that vicinity (See attachment "B").

Further, the Northeast quarter of this quarter section was chosen because of geological data on wells to the North and East. Therefore, it is our opinion that this location would be the only economical and productive location to drill (See attachment "C").

All minerals surrounding this proration unit is leased to McKay Oil Corporation, with the exception of Mesa (See Attachment "A"). Mesa has been notified of this proposed location and no objection is forseen (See enclosed copy of letter). A copy of the executed letter and/or return receipt will be forward upon receipt.

LEASES

INVESTMENTS

page 2 of 2 0.C.D. September 13, 1988

Therefore, McKay Oil requests that the O.C.D. approve the unorthodox location located at 660' feet from the North line and 1485' feet from the West line Section 12, Township 6 South, Range 22 East, NMPM.

McKay Oil Corporation would request and appreciate your immediate attention to this matter. Thank you for your cooperation and assistance.

Very truly yours,

MCKAY OIL CORPORATION

Mesa Limited Partnerships P.O. Box 2009 Amarillo, Texas 79189-2009

Attention: Mark W. Seale

RE: Unorthodox Location L.L. & E. Fed. #3 NW/4 Sec. 12-65-22E Chaves County, New Mexico

Gentlemen:

This letter is to advise that McKay Oil Corporation proposes the drilling of an unorthodox location located 660 FNL and 1485 FWL in Section 12, Township 6 South, Range 22 East, NMPM. This unorthodox location is the result of topography and archeaological sites in this area.

As specified by the Oil Conversation Division of New Mexico, Mesa, as an offset operator to this location, must consent to this location. Since this location is not closer to your particular acreage than a legal location, I believe Mesa would not object to the proposed unorthodox location.

Therefore, if this location is not objectionable to Mesa, please sign in the space provided below and return to our office at your earliest convenient time. Thanks for your cooperation and assistance.

> Very truly yours, MCKAY OIL CORPORATION
