17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

Yates Petroleum Corporation wishes to amend their Land Use Plan to include a proposed natural gas pipeline right-of-way 30 feet in width and approximately 2250' feet in length going from our Engwall RL Federal #2 well in the SENE of Section 4-T9S-R26E and ending in the SESE of Section 4-T9S-R26E to tie into Enron's pipeline. The pipeline will be a 2-1/2" steel pipe buried a minimum of 30 inches with a minimum of 24 inches of cover. Attached is a copy of a topographical map and a plat showing the proposed route of the pipeline. An archaeological survey was conducted and a copy has been sent to the BLM office.
