Chaves County, NM

Gentlemen:

In accordance with N.M.O.C.D. Rule 112-A, packer leakage tests were conducted for the referenced well and results are attached. Dual completion of the well was authorized by Order No. MC-2995. Offset operators were notified of the test, but declined to witness.

Also attached is a diagrammatic sketch of the mechanical installation actually used in completing the well. Other information required by Rule 112-A has been previously submitted.

If additional information is needed, please advise.

Yours truly,

YATES PETROLEUM CORPORATION

Albert Ray Stall  
Completion Superintendent
