13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Conditions of approval, if any, are attached. Approval of this notice does not warrant or certify that the applicant holds legal or equitable title to those rights in the subject lease which would entitle the applicant to conduct operations thereon.

Title 18 U.S.C. Section 1001, makes it a crime for any person knowingly and willfully to make to any department or agency of the United States any false, fictitious or fraudulent statements or representations as to any matter within its jurisdiction.

PART # 2

2) Planned Access:

- A. Existing Road Improvement: The existing 9000' east-west Forest Service two-track road will be improved and used as the primary access to the location. The existing road will be improved to a crowned, 20' wide roadbed. Some extra-width may be required in runs to provide adequate area for turning long loads.. No turnouts or culverts will be required. No cut and fill work will be required. No gates and/or cattleguards will be required.
- B. Future Road Improvements: In the event of production, the improved road will be topped with 6" compacted caliche.
- C. Pipeline Access: An application for a buried pipeline will be made if and when it becomes necessary.
