

5. Surface Disturbance

The lessee shall effect a minimum of vegetative or soil disturbance consistent with practical construction operations and shall smooth all disturbed areas to conform as nearly as practicable with the adjacent terrain.

6. Use of Impounded Water

The use of existing impounded water located upon public land will not be permitted unless by specific written agreement between the lessee or his representative and the Authorized Officer.

7. Upon abandonment of the drill site sludge and trash pits will be backfilled and reshaped to the natural ground slope.

8. Water bars and furrow ditches will be constructed as needed on the access road before the site is abandon.
