Re: CG Kimes #1, Queen Gas Well
Section 28-T15S-R29E
Chaves County, New Mexico

Dear Mr. Porter:

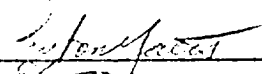

With respect to our letter of December 27, 1974, we wish to inform you that we were able to obtain an 8-5/8 packer sooner than expected and have completed as of 12-31-74 the Kimes as follows:

1565' of 2-3/8" N-80 tubing set on 8-5/8" packer at 1566'.

It appears that we will no longer need an exception to rule 107d. We appreciate very much your attention to this matter.

Yours truly,

YATES PETROLEUM CORPORATION
