ATTENTION: MR. BILL GRESSETT

DEAR SIR:

AS I AM STILL TESTING THIS WELL AND HAVE NOT YET ARRIVED AT A POTENTIAL, THIS LETTER IS TO REQUEST A TESTING ALLOWABLE OF 400 BARRELS OF OIL IN ORDER THAT WE MAY HAVE SUFFICIENT TEST ROOM TO CONTINUE TO TEST THIS WELL UNTIL SUCH TIME AS WE HAVE ASCERTAINED THE PRODUCING CAPABILITIES.

YOURS VERY TRULY,

  
JACK L. McCLELLAN

JLMc:LT

Jack:

A testing allowable of 200 bbls was assigned to this well on 7-3-68, as per our conversation.

Since we normally do not assign a testing allowable until the oil has been produced, no change will be made on this supplement.

If additional testing allowable is required the same should be requested by letter setting forth the volume required, the producing formation and the transporter.
