Gentlemen:

We are returning the enclosed Form C-104 on the subject well for additional information.

Please complete by filling in Section IV Completion Data and the gas well test data in Section V.

Further, to date, the only acreage dedication plat that we have is for the San Andres and only 40 acres.

The Special Rules for the Double L Queen Pool requires that a gas well have 320 acres dedicated or secure Administrative Approval for a non-standard unit in accordance with Rule 3 of said special rules.

If you have any questions concerning this matter, please feel free to call upon me.

Sincerely yours,

OIL CONSERVATION COMMISSION
