Temporary Abandonment Information

The attached approval of temporary abandonment (TA) is for a one year period per the requirements of the Code of Federal Regulations at 43 CFR 3162.3-4 (c). If at the end of this approved period you want to keep the well TA you will need to request a one year extension.

The down hole casing integrity tests normally covers a five year period. If unforeseen circumstances warrant or in certain cases where there are down hole or other problems you may be required to retest the well at shorter intervals.

If you have any questions feel free to contact us at, (505) 624-1790.
